

HENRAD RADIATORS

HYDROHEAT
SUPPLIES PTY LTD

Alto, Alto Plan & Alto Line
Vertical Radiators

GENERAL INFORMATION

- **Size:** 4 heights – 1600, 1800, 2000 & 2200mm
- **Material:** The material is of the highest quality automotive steel, resulting in higher anti-corrosion properties, making the Henrad radiator stand out from other Southern European radiator manufacturers
- **Finish:** All Henrad radiators are firstly degreased at high temperature, a unique undercoat and electro coated paint dip applied. Final coat is a hard wearing epoxy powder coat baked at 200°C
- **Colour:** RAL 9016 White
- **Test Pressure:** 13 bar, 1300kPa
- **Max Operating Pressure:** 10 bar, 1000kPa
- **Max Working Temperature:** 110°C
- **Connections:** 6 x ½" F.I. BSP
- **Accessories:** 2 x wall mounting brackets, 1 x air vent, 4 x plugs ½" BSP with 'O' ring seal

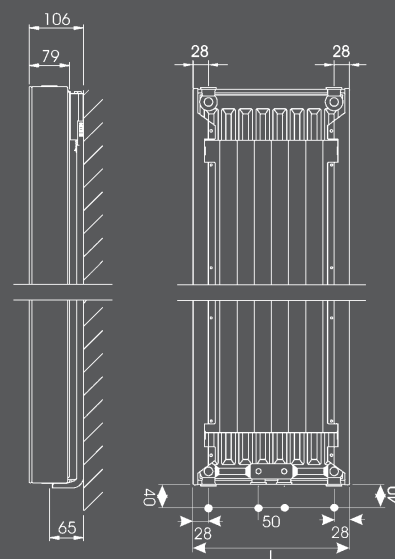

Warranty

25 year warranty is granted on Alto radiators for all defects caused by faulty materials or manufacturing. The conditions that apply are:

- Correct installation, no leaks in the system and the system has correct chemical dosing.
- Radiator replacement only, this does not cover site labour fees.
